

$$17 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$16 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$15 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$14 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$13 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$12 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$11 - 7 = \underline{\quad}$$

[S9] Difference between 7 and a number

$$15 - 6 = \underline{\quad}$$

[S9] Difference between 6 and a number

$$7 + \underline{\quad} = 16$$

[S9] Difference between 7 and a number

$$7 + \underline{\quad} = 15$$

[S9] Difference between 7 and a number

$$7 + \underline{\quad} = 14$$

[S9] Difference between 7 and a number

$$7 + \underline{\quad} = 13$$

[S9] Difference between 7 and a number

$$7 + \underline{\quad} = 12$$

[S9] Difference between 7 and a number

$$7 + \underline{\quad} = 11$$

[S9] Difference between 7 and a number

$$7 + \underline{\quad} = 17$$

[S9] Difference between 7 and a number

$$6 + \underline{\quad} = 15$$

[S9] Difference between 7 and a number
